

Binh & Penny Tennis Academy

South Jordan Park Tennis 2012

Spring Program begins April 16th

Our students recognized our passion for the game and how it is taught. We believe in giving each student personalized attention to our approach in their development. Everyone learns differently and there is not one set way to teach a skill or strategy. That's what makes our style of teaching unique. As a team we have worked to create and maintain tennis programming for players of all ages. We believe in building a strong foundation based on fundamentals for beginners. For the intermediate and advanced players, we bring the vast wealth of cutting-edge technology utilized in the game today as provided by continuing education through USPTA and USTA. Together we will unlock the tennis player in you. We want everyone who comes into our program to feel our dedication and passion to their improvement and love for the game of tennis.

Spring Sessions -.Maximum number of players in each class will be **12**. We will be enforcing a strict ratio of pros to players of NO MORE than 6:1. In event of overflow, we can create another class but we will not accept more players than the max. If you see the session that you desire is full please call us to be put on waiting list. When we have more than 4 players on list we will open up another class.

In the case of bad weather we will reschedule class.

Each session lasts two weeks and includes 4 classes. (Except for the Pee Wees) There are 4 sessions:
